

## **HISTORY OF WORLD CHRISTIAN OUTREACH, INC.** **AND NEW DAWN COMMUNITIES**

**2014** – Pastor Ron Sukut has been named the Director of New Dawn Communities – Ishinde, Tanzania which is a new, second New Dawn just starting. A separate Board of Directors has been formed. Stan and Damaris have been busy completing the building of 5 churches in Kenya – 3 in Molo, 1 in Naivasha, and 1 in Subukia. Regional Representatives are now being named. Plans are being formed to start an International Outreach Center for WCO in Bahati, Kenya. Damaris and Eunice Herpick traveled to Kenya in July to meet with the 5 Pastors of churches that have been built by WCO. They are also meeting with key people on the development of our 20 acre International ministry site in Bahati. Stan has sent a manuscript to Kenya for the publishing of a new book entitled *The Principles of Power – Rediscovered!*

It is becoming very apparent that the meaning and direction of Haggai 2:20-23 has been building and is now being revealed to us for the future direction for World Christian Outreach, Inc. It seems that Western Civilization is crumbling spiritually around us and the Muslim World is fighting each other. The Lord is leading us by his right hand to go forth on all fronts to preach, proclaim, establish, and give helps to the national indigenous church in East Africa.

**2013** – In February Evangelist Sohail Peter from Lahore, Pakistan joined Stan Herpick for Evangelistic Outreach meetings in Kenya. Meetings were held with Pastors and Leaders in two Full Gospel Churches in Molo Town. Instruction was also given to our students at the New Dawn High School for Orphans in Laikipia. Please refer to our [www.wcous.org](http://www.wcous.org) Website report entitled [Healing from on High](#).

**2012** – From December 27, 2011 through January 15, 2012 a three member evangelistic team of Mark Luce, James Kariuki, and Stan Herpick traveled to Dar es Salaam, Tanzania; Kampala, Uganda; and Nairobi, Kenya to hold Pastors and Leaders Conferences on the subject of "What Makes a Nation Great". In Dar es Salaam 700 Pastors, Evangelists, and Church Elders came from around the country for an inspirational, anointed time of blessing. We also had meetings in churches where there was a tremendous response of people coming to receive Jesus and prayer even with no altar call. Please read the Newsletter Report entitled [Heavenly Places](#) from the 2012 Latest Updates on [www.wcous.org](http://www.wcous.org).

In Kampala 420 Leaders, including 100 from the rural, village areas of the Ugandan countryside joined 320 from around the capital city to come together in unity and one accord. In Nairobi 128 Pastors came together to pray and receive instruction on the spiritual values needed for their country.

We then went to New Dawn Community in Laikipia where we spoke to the New Dawn High School for Orphans students and met with the teachers and school leaders. It was during this time that God gave us a vision to move the school more toward self-sufficiency by leasing land and growing corn, the price of which has quadrupled during the past three years. We now have 63 acres in production. It will also be our goal to build more greenhouses to primarily grow tomatoes to be sold locally. We also want to purchase more cows so that milk can be sold on the open market.
